

Compact Air PAPR

Convert your North half mask or full facepiece to a PAPR. Or choose from one of the several options offered with the Primair™ Series head covers.

- Available with HEPA filters, chemical cartridges and filter/cartridge combinations.
- The unique 'Y' breathing tube will convert any North air-purifying facepiece to a PAPR, without the need for an adapter or tools.
- Choose from several styles of head covers.
- Air is directed over the front of the facepiece or hood – keeping workers cooler and more comfortable.
- Comfort back pad for even weight distribution.
- Lightweight blower/battery assembly can be worn on the back or the side.
- 8+ hours of continuous use on steady battery power.

ITEM#	Description
RP-CA101	Kit contains: belt and comfort pad, blower and 9 amp battery, charger, flow indicator, breathing tube, Tyvek cover for breathing tube, carrier
RP-CA101D	Same contents as RP-CA101, with washable decon belt for decontamination
RP-CA102	Kit contains: belt and comfort pad, blower and 7 amp battery, charger, flow indicator, breathing tube, one set of Tyvek covers for breathing tube, carrier
RP-CA102D	Same contents as RP-CA102, with washable decon belt for decontamination

RP-CA101

NIOSH approved for use with North Primair Series head covers to deliver a minimum of 6 CFM

RP-CA101D

RP-CA101 with decontamination belt. Belt and pad are washable for decontamination.

RP-CA102

NIOSH approved for use with North facepieces to deliver a minimum of 4 CFM

RP-CA102D

RP-CA102 with decontamination belt. Belt and pad are washable for decontamination
