

SMOKE AND CO DETECTORS

09-4

Lithium-Powered Smoke Alarm with Silencer

Ionization-type smoke alarm. Contains long-life lithium power cells designed to operate continuously for 10 years. Sealed to prevent removal of the lithium power cells and is tamper-proof. Has a full-function test button and a silencer button. After 10 years of service, the unit sounds a 28-day low power signal, notifying the occupant that the smoke alarm must be deactivated and replaced.

First Alert

ITEM#	Description
GD-SA10YRWA	Lithium Powered Smoke Alarm; 10 year warranty, ULC Listed

Carbon Monoxide and Explosive Gas Alarm

Multi-hazard alarm protects you from carbon monoxide and explosive gas. Sleek design, fits conveniently into any standard wall outlet. Digital read-out of measured CO values from 30-999 ppm. Loud, 85 dB alarm alerts you if CO or explosive gas levels become dangerous.

ITEM#	Description
FR-9000113	CO and Explosive Gas Detector

Smoke Detector Tester

Puts both photoelectric and ionization smoke detectors through their paces to ensure their circuitry and alarm systems are functioning and that they are actively sampling the air for any hint of a fire. The formulation of aerosol particles simulates the entire range of fire conditions, giving you the confidence that your fire alarm system will respond promptly to any kind of fire condition.

ITEM#	Description
FR-25S	Smoke detector tester; 2.5 oz. can; 100+ test bursts

Carbon Monoxide Alarm

A residential carbon monoxide alarm. Each unit has an 85 decibel horn, test/ reset button, and three separate power, fault, and alarm LED indicators. Utilizes biomimetic sensing technology. Meets current UL requirements.

FIREX

ITEM#	Description
FR-06090C	CO Alarm - Canadian Mode

Fire Escape Ladder

Emergency Escape ladders are a must for any home or office with more than one floor. Features heavy duty, steel, slip-resistant rungs as well as strong steel construction for exceptional stability and secure footing. Attaches quickly to windows over 16" wide and less than 11" deep (from interior to exterior wall). Available in 13' length for 2 storey buildings, 25' length for 3 storey buildings.

- Strong, lightweight, easy to use.
- Attaches quickly to window.
- Tangle-free design.
- Fully assembled, compact storage.

ITEM#	Description
FR-466430	Fire escape ladder, length: 25 ft
FR-466457	Fire escape ladder, length: 13 ft

Carbon Monoxide Alarm with Digital Display

Easy to install – just plug into an AC wall outlet.

- **Test / reset button:** tests circuitry and resets alarm.
- **Digital readout:** continuous display of CO levels.
- **Peak level memory:** recalls the last highest recorded level of CO.
- **Mounting options:** as a direct plug in, as a table top unit, or as a wall mounted unit.
- **Electrical rating:** 120V AC, 60Hz, 60mA, 9V battery backup
- **Audio Alarm:** 85 dB
- **Temperature Range:** 40°F (4.4°C) to 100°F (37.8°C)
- **Humidity Range:** 5% to 95% relative humidity
- **Sensor:** Electrochemical
- **Weight:** 0.901b

ITEM#	Description
FR-900-0076	Carbon monoxide alarm with digital display, 8" x 12" x 6.25" deep, 85 dB audio alarm
