

# LIGHTING

## Assorted Batteries

Rayovac Maximum alkaline batteries are packaged in traditional carded packs and in new Clear Value and Pro packs. These new resealable packs are the ideal way to store and organize your batteries.

ITEM#	Description
LIG-HD-(size)	Heavy duty, sizes: AAA, AA, C, D, 9 Volt
LIG-AL-(size)	Alkaline, sizes: AAA, AA, C, D, 9 Volt

## Yellow Director Light with Orange Slip-On Wand

- Removable tip allows the light beam to be directed where needed. Slip-on cone fits over the light when not in use.
- 3-way switch (on-intermittent-off).

ITEM#	Yellow Director Light with Wand
LIG-77097	Durable, takes two D cell batteries

## Industrial Flashlight

Krypton bulb is 200% brighter and whiter than ordinary flashlights. Durable, rubber construction is water resistant. Mirror-finish reflector emits long-range beam. Handy wrist strap and ergonomically correct on/ off switch with non-slip grip.

ITEM#	Description
LIG-BR2AA	Industrial flashlight

## Industrial Swivel 2AA

- 90° rotating head and 360° swivel base allow you to direct light where you need it.
- Water resistant design ensures it will stand up to harsh conditions.
- Full lifetime warranty.

ITEM#	Description
LIG-ISLJ2AA-B	Rugged, pocket-sized flashlight with high intensity bulb and prismatic reflector

## Industrial 2D

High grade polypropylene resists impact, water, chemicals, gas, and oils. Krypton bulb and prismatic reflector give the brightest, whitest beam available on the market. 7' drop tested. Full lifetime warranty.

ITEM#	Industrial Flashlight
MS-12D-B	With shock-absorbing bulb holder and two D batteries

## Industrial 2D Mine Safety-Lite

- MSHA, CSA, and UL listed.
- Withstands 7' drop test.
- High impact polypropylene, comfort grip design, protected slide switch.
- Shock-resistant, spring mounted bulb.
- Spare bulb holder and hanging ring included.
- Chemical, oil, gas, grease, water, and corrosion resistant

ITEM#	Description
MS-IN2-MS	Industrial 2D Mine Safety-Lite

<b>ITEM#</b>	<b>Strobe Light</b>
LIG-200A-12V-(colour)	12-48 V DC; surface mount; anodized aluminum base; 7.75" H x 8-11/16" W

<b>ITEM#</b>	<b>16" LED Light Bar Fleet Series</b>
LIG-16601	Super bright; 12 V DC or 24 V DC; maintenance free; fully encapsulated LED panels; available in various colours 5-3/8" H x 16.5" L x 8-3/8" D

<b>ITEM#</b>	<b>Enclosed Base Strobe Light</b>
LIG-201B-12V-(colour)	Permanent or 3/4" pipe mounting option; 12-48 V DC 7.5" H x 8-3/8" W

<b>ITEM#</b>	<b>Strobe Light</b>
LIG-200Z-(voltage)-(colour)	Rugged, die-cast base; 1/2" pipe mount included; 3 joules; 12, 24, or 36 V DC; CSA approved in all voltages; Available in magnetic mount 4" H x 4" W

<b>ITEM#</b>	<b>16" Strobe Light Bar</b>
LIG-16031	12-24 V DC; 14-22 joules; extruded anodized aluminum; available in various colours 5-3/8" H x 16.5" L x 8-3/8" D

<b>ITEM#</b>	<b>Rotating Strobe Light</b>
LIG-20RH-(mount)-(colour)	For industrial/ automotive use; CSA approved, most voltages; 12 V DC; surface mount, standard 1/2" conduit pipe mount, or magnetic mount 7" H x 6" W

<b>ITEM#</b>	<b>60 Series Back-up Alarm</b>	
LIG-60	Heavy-duty, rugged, die-cast; compact size; 12-48 V DC; Single tone: 87 dB - 112 dB; Fully encapsulated electronics	

<b>ITEM#</b>	<b>Rotating Light</b>
LIG-20TDH-12V-(colour)	For automotive use; magnetic mount; 12 V DC 4-7/8" H x 5-7/16" W

<b>ITEM#</b>	<b>61 Series Back-up Alarm</b>	
LIG-61	Heavy-duty, rugged, die-cast; perfect for heavy equipment; Single tone: 107 dB or 112 dB; fully encapsulated electronics	

<b>ITEM#</b>	<b>Horn/ Strobe Light</b>
LIG-1200UH	Rugged, cast zinc base; 110/ 120 V AC 7-3/8" H x 6" W

<b>ITEM#</b>	<b>Halogen Rotating Light</b>
LIG-450A-(voltage)-(colour)	50 watt bulb; extremely bright; draws only 4 amps; roof mount; 12 or 24 V DC 7.75" H x 8-11/16" W

**Loud Speaker**  
Most powerful, lightweight, electronic megaphone available. Ideal for industrial, fire, marine, athletic, law enforcement, and many other applications. Made of Lexan™, appropriate for hazardous environments such as oil refineries and other industries where fire hazard is always present. Operates on eight AA batteries.

<b>ITEM#</b>	<b>Beam Rotator</b>
LIG-400A-(voltage)-(colour)	Heavy-duty; two sealed; draws 6.5 amps at 12 V DC; draws 3.5 amps at 24 V DC; corrosion proof; roof mount; anodized aluminum housing; approved by Ministry of Transportation Ontario; 8-1/8" H x 8-11/16" W

<b>ITEM#</b>	<b>Description</b>
LIG-A12SA	Portable loud speaker, 16 watt
